

Times-2 Speed Files® 2-Tier

**Introducing the
2-Tier Times-2,
a new twist on
storage and filing!**

Also available on:

Contract No. GS-25F-0084M

Aurora presents the newest addition to Times-2 Speed Files:
the 2-Tier.

At only 29.5" the 2-Tier Times-2 goes where no ordinary
cabinet can go:

- Beneath low windows to maximize wasted space.
- By work stations for personal storage.
- Between work stations for shared filing and storage.
- Under printers, fax machines or desktop copiers, when combined with a countertop.
- In tandem with other height Times-2 units to shape individual space.

Times-2 Speed Files are double depth, locking cabinets that rotate for access from one or both sides.

The 2-Tier Times-2 has the same great features and benefits of its bigger brothers:

- Only 29.5" in height
- Stores as much as one 4-drawer 30" lateral
- Small Footprint - only 36" wide by 25" deep (letter size)

Times-2 Goes Where Most Ordinary Cabinets Can't

Install 2-Tier under low windows to take advantage of normally wasted space.

The 2-Tier also interconnects with standard height Times-2 units to make a unique row of multimedia storage and filing. How's that for versatile space planning?
