

WOODTEK™

Design Elements

Wood-Tek™ shelving systems offer a variety of elegant styles and finishes to customize any interior design. Choose contemporary or traditional end panels that blend beautifully with an assortment of crown, base, and countertop elements. Door fronts of solid wood, metal grillwork or glass provide a versatile finishing touch. Wood-Tek finish options include wood cladding of cherry, maple, oak, mahogany and ash in ten different stains. Have a custom design? We can create Wood-Tek™ any exotic wood or finish, including the newest color washes.
